BY FAX

Dear Janet:

Enclosed please find a fax received by a number of people on Sunday, August 6, 2000 intended to influence the outcome of the election for the U.S. House of Representatives from District 1. As you can see, it does not contain the proper disclosure required in USC Title 2 section 441 ( d ) that would indicate who paid for and authorized this communication. The only notation on this political communication is that of TAB Enterprises, which is a company doing business in Arizona. If this company has paid for this communication, then there could be a violation of USC Title 2 Section 441 ( b ) which prohibits corporate expenditures to influence the outcome of an election for office.

I would respectfully request that your office review these potential violations or forward this complaint on to the appropriate authority.

Sincerely,

Susan Bitter Smith
